## Welcome to The Upright

Greetings,

We are a small bar with simple ambitions: to serve you the absolute best cocktails we can craft. In this book you will find cocktails divided by their styles and eras from which they came. With more than 200 years of cocktail history behind us, we offer you a cherry picked selection of the best. The Familiar Faces are simple twists on the popular cocktails of today, while our Historic Treasures are decades or even century old recipes worth remembering. If you want to feel like you're on vacation, the cocktails in the Island Escape will transport you to a beach without the plane fare or sand in your socks. Our selection of Modern Classics highlights the lasting work of bartenders since the cocktail renaissance that began in the 1990s. We humbly submit our own Original creations for your enjoyment as well as a selection of Non-Alcoholic mocktails. Care was taken in selecting each ingredient, with a focus on fresh flavors and consistent technique. If you don't see the perfect drink, please ask for recommendations. We love helping you have a good time.

Cheers,

*The Upright Bar Team*
